REPLY TO PTO COMMUNICATION

Applicants acknowledge receipt of the PTO Communication mailed on October 11, 2001. This Communication asserts that the Amendment filed on July 23, 2001 is "non-responsive", for failure to comply with 37 C.F.R. §1.111(b). In particular, the Communication asserts that the Amendment fails to address the patentability of newly-added Claims 24-26. Applicants respectfully traverse this assertion. The patentability of Claims 24-26 is addressed in the sentence which appears at lines 14-17 on page 11 of the Amendment.

Accordingly, Applicants respectfully request that the Examiner proceed to consider on the merits the Amendment which was filed on July 23, 2001.

Respectfully submitted,
